

DIOCESE OF TRURO
Diocesan House Kenwyn Truro TR1 1JQ
Diocesan Guidelines, Policies and Regulations

Foreword

I am pleased to be able to write a word of introduction to this resource. It is important that we ensure we give clear guidelines on certain matters and communicate well in those areas where there is a need for regulation and in which we have policies.

This resource aims to bring together all the various aspects of diocesan life and gives either appropriate guidance or advice or clarifies what the rules and regulations are.

I am enormously grateful to a wide range of people who have worked so hard to bring these various resources together. Inevitably there will be changes and that is one of the reasons why we are not printing these documents out on paper but making them available online.

Our main work in the diocese is to ensure that together we can discover God's kingdom and grow the church. This resource is a key part of that. It is the framework without which we cannot achieve real liberation and faithful improvisation. Someone once pointed out that a jellyfish can't dance, in other words that without appropriate structure you cannot gain real freedom. I hope this resource will provide an appropriate framework and structure for us in the diocese.
