TRURODIOCESE.ORG.UK/EDUCATION

The Diocese of Truro's education department offers training and support to all involved in school governance in Cornwall and the Isles of Scilly – not just those involved in Anglican church schools.

Our training sessions cover governors in local authority maintained schools as well as directors/trustees and members in academies and multi-academy trusts. We also provide training for people on local boards, and for clerks.

We have experienced trainers who will tailor the session to the specific needs of each group. The training can be for individuals as well as groups, full boards and/or groups of schools wishing to come together to train. In addition to the list overleaf, we are able to create a bespoke session that caters to specific needs.

Training is generally delivered in Threemilestone, Truro, but if you have other requirements, or have a venue we could use for training, please get in touch.

To discuss your training requirements, please contact
